3MTR300EHIK

The TR-300E+-HIK is a complete Powered Air Respiratory system featuring powered air turbo and filter designed for Particulate respiratory protection and including everything required to get started. This ready to use kit provides a simple way to purchase a complete PAPR system for use in industrial environments.

Two types of alarms-one audible and one visual-alert user to either battery or low flow, such as when a particle filter is fully loaded. LED lights on the battery indicate its charge status on and off the charger.

The kit includes

- 3MM307-Helmet head top and premium visor
- 3MTR302EPLUS-PAPR turbo unit
- 3MTR326-High durability belt
